Average Nov Temp Nogales : 72 F (High) 33F (Low)  
Precipitation: .78"

Average Dec Mazatlan: 79F (High) 61F (Low)  
Precipitation: 1.00"

---

### Notes:

Travel warning from US Dept. of State for all border regions with Mexico. Recommended to register with consulate, local authorities, let others know whereabouts. Safety dramatically increases south of the border region.

Temperature is manageable, especially as we make our way back to the coast and the semi-tropical regions north and south of Mazatlan.

We will be entering Mexico on Nov 1st. on Dia de los Muertos.
